

or three hundred dollars to repair it, on the other side they claim it will cost two thousand dollars to build a new one. We think half that sum would build a good substantial house. This week the town voted to build a new one. It has not yet been decided as to the amount of money to be expended. The meeting adjourned until Dec. 7th.

We feel proud to state that our village is increasing its population. If we can't build shoe factories we can send help to run them. It only takes time.

John Akers has his new house all completed. He is very modest when he told us he did not build it for style but for comfort, by judging we should think he had a handsome and comfortable building.

George Andrews has built a chimney

• (Communication.)

When the French Imperial Guard was overwhelmed at Waterloo in its heroic attempt to stem the tide of battle, its brave commander, Genl Cambronne refused to surrender exclaiming "The Guard dies but does not surrender." This noble reply to the demand of the British Dragoons has been quoted in recent times as modern patriotism and never altered. But we believe that Cambronne did make the reply and that it was echoed by his soldiers in that fearful fight for we find in the *Fastes de la Gloire*, written shortly after the battle and published in 1818, a
